

FOR FRESHMAN STUDENT-ATHLETES ON ATHLETICS AID*

PART II: GPA and Test Scores, by Sport Group

Calculate and provide the average (mean) standardized test scores and core-course grade-point average for freshman student-athletes who received athletics aid* (include nonqualifiers who were ineligible for athletically related aid) during the three most recent academic years, by sport group. Report all scores as either recentered SAT or ACT sumscores. Individual student-athlete scores should be converted using the table provided on Page 22 before the average (mean) test scores are calculated. List the most recent academic year's data first and include all freshmen students entering the institution during the year.

*Institutions that do not award athletics aid should compile these data for freshman student-athletes who were recruited, as determined by the institution.

Note: Institutions are not required to report data if the number of students in a group is two or less.
